WE HAVE COMPLETED
MORE THAN

200 projects

“ Do what you like and
like what you do!

from single and two-story houses to 6-floor buildings and administrative construction. Innovative technology and a professional approach to each detail of a project are our priorities.

We constantly improve our techniques every day to meet the highest standards and have the best construction tools.

Toloka has created a precise work methodology with steps to meet the customer's needs perfectly.

*So, let us do what you like,
and you'll love what we'll do!*

Assessment allows us to get you an accurate picture of your future brand new house.

Renovation helps our clients to realize their inner wishes, study through the examples and get the most qualified construction advice.

Installation process involves licensed professionals and ultra-modern techniques.

Material selection of certified construction products facilitates your decisions.

Demolition (if needed) makes our worksite look like a blank sheet and gives your imagination as much space as it needs.

Guarantees that we provide will dispel any doubts.
